From the time you were a toddler, you were given a version of who you are and the world you live in by your parents, family members, teachers, pastor, rabbi and other members of the adult world, which you accepted unquestioningly. However, it was a version based on false beliefs, and not based on Truth or what is real. This false belief system you inherited from the adult world was enormously disempowering for you and has caused you to lead a very limited life. It was not the fault of your adult mentors; of course, because that's all they knew, as they, in turn, had been indoctrinated by other adults who, in turn, had once been subject to the same indoctrination.

And yet, if you suddenly could come face to face with the totality of who you really are, you'd be forever transformed. The Truth is that you are a being who is essentially without limitations of any kind.

This workshop, "A Life Without Limits," will expose the false belief system that makes up the consensus reality of our culture and how you can be free of these – even those deeply programmed into your unconscious.

Peter will then teach the "Fourteen Keys to Freedom" that were revealed to him – keys which must be "felt" rather than intellectually understood that can lead to a life without limits.

Peter considers this his most important and challenging workshop because it is the real heart and soul of his message to the world. This workshop "Life Without Limits" is ultimately about you – who you truly are as a magical spiritual being and how you can live now, in this present ever-expanding moment, a life of ecstatic joy, freedom, and conscious unity with all life.
